

NEWPORT COLONY MAY RAISE FUND TO AMUSE LEPERS

Board of Health Suggests That Dancing, Theatricals and Music Be Encouraged

Molokai may have dancing, picture shows and theatricals if the plan as outlined by Talbot Hanan of New York and Newport goes through. Some time ago Hanan addressed a letter to the Hawaii Promotion Committee asking if it was possible to do anything toward improving conditions at the Molokai Settlement.

In his letter he stated that he would be pleased to arrange a benefit to raise funds for the leper colony. He has been one of the leading entertainers in society this year, and three years ago while in Honolulu entertained extensively.

Upon receiving the letter from the New York clubman the Hawaii Promotion Committee turned it over to the board of health. They state that there is a plan on foot to raise a fund for dancing, theatricals and for the establishment of an orchestra. It was suggested that any fund raised might go to giving the residents these features for the amusement hall. A copy of this letter was forwarded to Hanan in the last mail.

WIDENING OF TWO STREETS IS ENGINEER'S PLAN

With George Collins, city engineer, back at his desk after a short vacation work in the road department was given an added impetus today and figures and estimates are being drawn up for the widening of several streets about the city.

Two places which are being given special attention are on Hotel street. Ewa of Fort street and on Beretania street Walkiki of Nuuanu street.

At the first place Collins will work on the plan to cut off the block at the maka-e-wa corner of Fort and Hotel streets to the extent that it sticks out into Hotel street. The other place is on the mauka side of Beretania street Walkiki of Nuuanu, on which is situated a Japanese employment bureau. If both of these projects go through it will greatly facilitate traffic.

McMahon Finds Brother Spirit In Frisco Poet

When P. Maurice McMahon wrote his poem "The Prudes" some weeks ago and gave it to the Star-Bulletin, he was destined to more than local fame. Over in San Francisco someone picked up the copy and knowing Mac's love for poetry sent him back the following verse from the San Francisco Bulletin of September 20.

The local bard says that there is so much similarity between the thought expressed in his own production and that of the San Francisco paper's poet that he is inclined to think the latter must have had some experience as did McMahon—a call-down on the beach for appearing in swimming trunks. But here are the verses:

In the face of each dissenter,
I'll invade the civic center
With a dozen mother hubbards.
So you cannot see the nymphs;
Every leg shall have a stocking.
So the sight will not be shocking
If our city dade and others
Choose to steal a furtive glimpse.

And as far as I am able,
I shall dress each desk and table,
And the Naked Truth shall tremble
If one lone square inch she bares;
In the sacred name of Virtue,
There'll be nothing left to hurt you,
For I'll even drape the legs
(Or lower limbs) of all the chairs!

In these days of reformation,
When the slightest indication
Of nudity is banished from
The range of human sight,
And I see such stanch devotion
To the Puritanic notion
That the body's lovely outlines
Should be hidden from the sight.

I have reached this firm decision:
I will strive to purge the vision
Of my friends and fellow mortals;
So, to serve this righteous end,
Matchless modesty I'll bring 'em;
I shall take a bolt of gingham
Whose modest folds will cover
Every sight that might offend.

DEMOCRATS WILL HOLD LAST RALLY IN AALA PARK

Democrats will gather at Aala park this evening for the last general rally before the primary elections are held. There are to be precinct rallies Friday evening, but the meeting tonight is to be the final central one of the present campaign in Honolulu so far as the Democrats are concerned.

Speaking of the meeting today Chairman Bryan of the central committee said that the Democrats had not advertised it so much as they could have desired owing to uncertainty of getting the park and the final date selection. He added that there would be a dozen or more good speakers and held out, as an offer, that he considered a "choice morsel," that Attorney Gabriel K. Kawehaku would tell his audience "the strange history of Daisy."

18 FILIPINOS SECURE INITIAL CITIZENSHIP DOCUMENTS AT ARMORY

George R. Clark and William L. Rosa, clerks in the local United States court, took their naturalization record books to the National Guard armory last night and received the declarations of intention of 18 Filipino guardsmen to become citizens of the United States. The Filipinos are members of the recently reorganized Company B, Capt. Sherwood Lowrey. Capt. Lowrey told the clerks that a large number of additional Filipinos soon will be ready to take out their "first papers."

Under a decision handed down by Federal Judge Charles F. Clemons a few months ago, Filipinos are entitled to American citizenship. Since the decision three Filipinos have been naturalized and a large number of others, principally members of the National Guard, have filed their declarations of intention to become American citizens.

CHARGE KALO A APPROPRIATED POSTAL FUNDS

Complaint Sworn to By T. J. Flavin Claims Embezzlement of \$817.20

Postoffice Inspector Thomas J. Flavin late Wednesday afternoon swore to a complaint in federal court which charged Nelson K. Kaloa, postmaster at Pauwela, Maui, with the embezzlement of postoffice funds amounting to \$817.20. The news of Kaloa's alleged defalcation was first published in the Star-Bulletin, a wireless report from Maui that his accounts were short having been verified by Inspector Flavin.

Flavin's complaint alleges that Kaloa failed to deposit in the treasury of the U. S. certain money order funds in the sum of \$817.20, the postoffice at Honolulu being the designated depository for such funds. It is further alleged that Kaloa converted the missing funds to his own use and that he committed the crime of embezzlement.

A visit to the Pauwela postoffice was made last Saturday by Inspector Flavin. He closed the office and moved it temporarily to Haku, bringing certain account books and other documents back to Honolulu with him. The members of the federal grand jury for the October term will meet at 10 o'clock next Monday morning in federal court. The district attorney's office says that it will present the Pauwela postoffice case to the inquisitors early in the session.

KALAKAUA AVE. WORK SHOULD PROCEED NOW

That the work of paving the mauka side of Kalakaua avenue should proceed as soon as possible regardless of what the Honolulu Rapid Transit & Land Company can do about relocating their tracks, is the opinion of George Collins, city engineer. He believes there is no reason for the work being held up and that all the construction possible should be accomplished.

Supervisor Ben Hollinger also holds the same view. He said today that this is not the time to jump the Rapid Transit. "Let the contractors do all the work they can," he said, "and when they can do no more because of the presence of the tracks, get after the railway then."

Supervisors Hatch and Logan happened to meet each other after Manager Ballentyne's interview was published yesterday afternoon, agreed, according to a statement by the latter today, that if there was no hope of having the track relaid within a short time, the best thing to do was to have the paving of the mauka side of the avenue proceed at once, also to have the mauka side of the road temporarily repaired to carry the traffic until the other work was completed.

You Need a Worker!

The unanimous demand of the thoughtful voters of this Territory is that their Delegate to Congress be a worker. They want a representative in Washington who will work tirelessly and unceasingly for the national recognition of Hawaii's place in the sun.

My record as an intelligent and persistent worker is one that should establish complete confidence in my enthusiasm and capacity for work.

In the Fall of 1908 I visited Washington and there worked hard for the development of our agricultural industries. I have worked hard on my ranch for nineteen years to make it a success in the face of unusually adverse conditions. I have made a record as a man whose confidence in ultimate success is not to be shattered by the most discouraging handicaps.

I pledge myself to work with the workers of Hawaii, and to gain for this Territory the position its importance as a great center justifies.

MY MOTTO:

"The man who wins is the man who works,
Who neither labor nor trouble shirks,
Who uses his head, his hands, his eyes,
The man who wins is the man who tries."

A. L. LOUISSON,
Candidate for Delegate to Congress
